

# Johanson Part Number 1845CH14A270001T

|                                               |                                           |
|-----------------------------------------------|-------------------------------------------|
| Johanson Part Number: 1845CH14A270001T        | Johanson Company: JTI                     |
| Legacy P/N: 1845CH14A270T                     | Size for Capacitors (EIA): None           |
| Description: Coupler, , MHz, W, dB, , ,       | Specification Number: None                |
| Life Cycle Stage: EOL                         | NCNR: No                                  |
| AEC Q200 Qualified: No                        | Thickness (Max): None                     |
| Schedule B: None                              | Thickness (Min): None                     |
| ITAR: No                                      | End Band(Min): None                       |
| ECCN: None                                    | End Band (max): None                      |
| RoHS Compliance: None                         | Standard Item: No                         |
| REACH: No                                     | Lead Time Typical (Weeks)*: None          |
| Country of Origin: TW                         | Length (Min): None                        |
| Product Family: Integrated Passive Components | Length (Max): None                        |
| Product Subfamily: Coupler                    | Width (Min):None                          |
| Capacitance Value: None                       | Width (Max): None                         |
| Cap Unit of Meas: None                        | Part Weight (mg): None                    |
| Tolerance: None                               | Packaged Width (lb) Arm: None             |
| Voltage: None                                 | Packaging: None                           |
| Dielectric Temp Coefficient: None             | Packaging Qty: None                       |
| Termination: None                             | Operating Temp Range: None                |
| Marking: None                                 | Storage Temp Range (Packaged): None       |
| Product Release Date:                         | Storage Temp Range (None Operating): None |
| Harmonization: None                           |                                           |

\*This can vary significantly so it is important to obtain a quotation with lead time for production planning purposes.
