

# Johanson Part Number 2450BM14A0003001T

|                                                 |                                           |
|-------------------------------------------------|-------------------------------------------|
| Johanson Part Number: 2450BM14A0003001T         | Johanson Company: JTI                     |
| Legacy P/N: 2450BM14A0003T                      | Size for Capacitors (EIA): None           |
| Description: RF Matched Baluns, , MHz, W, , , , | Specification Number: None                |
| Life Cycle Stage: EOL                           | NCNR: No                                  |
| AEC Q200 Qualified: No                          | Thickness (Max): None                     |
| Schedule B: None                                | Thickness (Min): None                     |
| ITAR: No                                        | End Band(Min): None                       |
| ECCN: None                                      | End Band (max): None                      |
| RoHS Compliance: None                           | Standard Item: No                         |
| REACH: No                                       | Lead Time Typical (Weeks)*: None          |
| Country of Origin: TW                           | Length (Min): None                        |
| Product Family: Integrated Passive Components   | Length (Max): None                        |
| Product Subfamily: RF Matched Baluns            | Width (Min):None                          |
| Capacitance Value: None                         | Width (Max): None                         |
| Cap Unit of Meas: None                          | Part Weight (mg): None                    |
| Tolerance: None                                 | Packaged Width (lb) Arm: None             |
| Voltage: None                                   | Packaging: None                           |
| Dielectric Temp Coefficient: None               | Packaging Qty: None                       |
| Termination: None                               | Operating Temp Range: None                |
| Marking: None                                   | Storage Temp Range (Packaged): None       |
| Product Release Date: None                      | Storage Temp Range (None Operating): None |
| Harmonization: None                             |                                           |

\*This can vary significantly so it is important to obtain a quotation with lead time for production planning purposes.
