

# Johanson Part Number 2500BP14A0400001T

|                                                   |                                           |
|---------------------------------------------------|-------------------------------------------|
| Johanson Part Number: 2500BP14A0400001T           | Johanson Company: JTI                     |
| Legacy P/N: 2500BP14A0400T                        | Size for Capacitors (EIA): None           |
| Description: Band Pass Filters, , MHz, W, dB, , , | Specification Number: None                |
| Life Cycle Stage: EOL                             | NCNR: No                                  |
| AEC Q200 Qualified: No                            | Thickness (Max): None                     |
| Schedule B: None                                  | Thickness (Min): None                     |
| ITAR: No                                          | End Band(Min): None                       |
| ECCN: None                                        | End Band (max): None                      |
| RoHS Compliance: None                             | Standard Item: No                         |
| REACH: No                                         | Lead Time Typical (Weeks)*: None          |
| Country of Origin: TW                             | Length (Min): None                        |
| Product Family: Integrated Passive Components     | Length (Max): None                        |
| Product Subfamily: Band Pass Filters              | Width (Min):None                          |
| Capacitance Value: None                           | Width (Max): None                         |
| Cap Unit of Meas: None                            | Part Weight (mg): None                    |
| Tolerance: None                                   | Packaged Width (lb) Arm: None             |
| Voltage: None                                     | Packaging: None                           |
| Dielectric Temp Coefficient: None                 | Packaging Qty: None                       |
| Termination: None                                 | Operating Temp Range: None                |
| Marking: None                                     | Storage Temp Range (Packaged): None       |
| Product Release Date:                             | Storage Temp Range (None Operating): None |
| Harmonization: None                               |                                           |

\*This can vary significantly so it is important to obtain a quotation with lead time for production planning purposes.
